

## CERTIFICATE OF ANALYSIS

Standard product specification

# Integral Waterproofing Compound

Formulated product · Liquid admixture, pore blocking type

## 1. PRODUCT IDENTITY

|                   |                                                                                            |
|-------------------|--------------------------------------------------------------------------------------------|
| Product name      | Integral Waterproofing Compound                                                            |
| C.A.S. number     | Applicable to blend — on request                                                           |
| Grade / standard  | Liquid admixture, pore blocking type                                                       |
| Description       | Milky white liquid                                                                         |
| Product group     | Waterproofing & Water Repellents                                                           |
| Category          | Construction Chemicals                                                                     |
| Country of origin | India                                                                                      |
| Packing           | Bags, drums, carboys, IBC or ISO tank as applicable — customer-specified packing available |
| Storage           | Cool, dry, well-ventilated place in tightly closed original packing                        |

## 2. ANALYTICAL SPECIFICATION

| S. NO. | TEST PARAMETER                | SPECIFICATION        | TYPICAL RESULT   | METHOD                  |
|--------|-------------------------------|----------------------|------------------|-------------------------|
| 1      | Description                   | Milky white liquid   | Complies         | Visual                  |
| 2      | Non-volatile Content (Solids) | As per specification | 39.0 % w/w       | Gravimetry / ASTM D1644 |
| 3      | Viscosity at 25 °C            | As per specification | 1863 cP          | Brookfield viscometry   |
| 4      | pH (as supplied)              | As per specification | 6.5              | Potentiometry           |
| 5      | Density at 25 °C              | As per specification | 0.928 g/mL       | ASTM D1475              |
| 6      | Heavy Metals (as Pb)          | Not more than 20 ppm | Less than 10 ppm | ICP-OES                 |

### 3. DECLARATION

---

This document sets out the standard specification for Integral Waterproofing Compound and applies to all consignments of this product and grade supplied by Scapex Exports Pvt. Ltd. It is not a lot-specific release document; a lot-specific certificate carrying the analysis of the material actually shipped is issued with, and travels with, each consignment. Scapex Exports supplies against customer-specified assay limits and pharmacopoeial standards — send your specification sheet and we confirm compliance in writing before the order is accepted.
